BCC Mail Manager LE
Postal Software Solution

High-performance mail management. Low-impact price tag

You don't have to handle high-volume mail jobs every day to deserve the profit-boosting and productivity-enhancing features of BCC Mail Manager™. You won't need expensive mainframe computers, either — just a PC and BCC Mail Manager LE™, the leading choice of small and occasional mailers for professional-quality presort power at a price even a sole proprietor can afford.

BCC Mail Manager LE allows you to presort mail jobs quickly and easily, within a user-friendly interface that doesn't require an advanced degree to use. It can pay for itself in record time, too, thanks to the built-in economy made possible by encoding your jobs against the USPS® ZIP + 4® database — updated six times each year with every BCC Mail Manager LE subscription.

Put your profits where they belong: in your pocket. Choose BCC Mail Manager LE. Only from BCC Software.

TOP MAILING EFFICIENCY. BOTTOM-LINE FRIENDLY
High-volume professional mailers understand the value of software that can do the heavy lifting for them — ZIP + 4 encoding and presorting a job to ensure maximum efficiency and minimum postal costs. BCC Mail Manager LE from BCC Software is bursting with features that can greatly reduce costs and improve efficiency in your mailing process. The road to increased savings and productivity begins with BCC Mail Manager LE.
