

Firm Packaging Option

BCC Mail Manager™ Software

Many pieces make light postage rates

When it comes to Periodicals, two mailpieces are better—or at least more economical—than one. That's the appeal of the Firm Packaging option for BCC Mail Manager™. By allowing users to bundle multiple periodical mailpieces headed for the same destination, many pieces become one—enabling significant savings by incurring a single piece rate (plus pound rate), no matter how big the bundle may be.

The Firm Packaging option works within BCC Mail Manager to accommodate this labor- and rate-saving efficiency. Use the intuitive software to examine your list data and identify firm packs, or create a calculated expression to flag bundles based on your customized criteria. USPS® Qualification Reports are adjusted automatically.

Add Firm Packaging to your BCC Mail Manager mailroom, and learn first-hand why there's savings in numbers.
