

Industry Expertise to Help Empower the FUTURE OF MAIL

This Month with BCC Software | August, 2025

Supporting our industry, partner corporations, and customers of all sizes across the direct mail industry. With exciting new developments in the works, here's what's new this month from BCC Software.

Who do you use?

SHORT SURVEY

Please take a few short moments to fill out our survey about our industry partners!

As a leader in the postal industry, BCC Software partners with corporations across the globe that support customer workflows with equipment, technology, and software. Evolving our software and services to better serve you, our customers, is our largest priority. Please take a minute to let us know which partners whose products you currently use.

U.S. Postal Service Announces Temporary Price Change for 2025 Holiday Shipping Season

The U.S. Postal Service filed notice with the Postal Regulatory Commission (PRC) regarding a temporary price change for some package services for the 2025 peak holiday season. This temporary price adjustment is to help cover extra handling costs to ensure a successful peak season

Truck Direct Mail is evolving to the new DIRECT LOGISTICS PLATFORM

Direct Logistics Platform (DLP) — a faster, friendly, and more functional solution that brings TDM into an entirely new world of freight logistics.

If you currently take advantage of drop-ship rating directly in Mail Manager or DAT-MAIL and have an account in TDM, this transition will happen automatically and we're working hard to make it as seamless as possible. When your account is queued-up for migration, your TDM account admin(s) will receive an email with more information.
