

BCC SOFTWARE

BCC Mail Manager

Comprehensive Postal Software Solution

Complete. Flexible. Essential.

Your business requires not only a solution for your current needs, but the flexibility necessary to keep up with changing customer and USPS® demands tomorrow. With BCC Mail Manager™, you get one of the most adaptable postal software platforms on the market—one that is consistently updated for compliance and incorporates customer feedback. Ensure that your solution stays on the cutting-edge and meets the needs of your organization, now and in the future. Plus, BCC Mail Manager provides the most comprehensive Intelligent Mail® solution set available, helping you grow, improve and maximize your postal discounts so you can focus on the success of your business.

FLEXIBLE TO SUPPORT YOUR NEEDS AS THEY ARISE

With BCC Mail Manager, you choose which features you want now—and add functionality as your needs evolve.

- » Numerous options easily accommodate your business as it changes
- » Keep up with changing or new customer demands
- » Quickly meet evolving postal regulations

INCREASE YOUR TIME SAVINGS

BCC Mail Manager helps you beat deadlines, allowing you to do more in the same amount of time and grow your business.

- » Seamless background processing decreases the time needed to complete jobs correctly
- » Save templates for customer data, list layouts, and label output to reduce repetitive setup tasks
- » No time-consuming switching between mailing and list management programs
- » Intuitive, flexible platform to get you up and running quickly

BENEFITS

BCC Mail Manager will not only save you time and money by improving your operations, but increase your customers' satisfaction with faster turnaround and diverse service offerings.

- » **Supports a broad range of USPS standards and offerings, including:** First-Class™, Standard, and Periodical mailings; Intelligent Mail (IMb®, IMcl, IMtl, IMpb) and other barcodes, and most preparation methods.
 - CASS™ Certified
 - TEM Certified
 - PAVE™ Gold Certified in over 100 categories
 - ZAP + MAC Batch Certified
- » Powerful output functions: BCC Mail Manager's label designer can handle elaborate merges, graphics and formatted text, and output to multiple label formats
- » Improves marketing initiatives by not only cleansing data for compliance, but enriching it with services like Rooftop Geocoding and PCOA through Data Marketing Services
- » Imports and exports to most data file formats, including SQL
- » Generates all required USPS documentation as well as production reports
- » Intuitive interface enables high productivity
- » Maximizes equipment productivity
- » Optional TaskMaster™ scripting allows entire jobs to be fully automated

BETTER MANAGE YOUR COSTS

A change in your business or new USPS requirements shouldn't mean your costs go up. With BCC Mail Manager, we'll help you keep them down.

- » No need to invest in additional list management software
- » Duplicate elimination tools decrease production and postage costs
- » Ensure appropriate discounts for every mailing

FULL SERVICE INTELLIGENT MAIL® READY

When you're ready to move to Full Service Intelligent Mail®, so is BCC Mail Manager—no new software to install:

- » Produces all required barcodes
- » Handles and provides serialization
- » MID management tools included
- » Ability to update, modify, and create partial mailings with Mail.dat® tools
- » TEM certified
